

PRESS RELEASE

**MARZOCCHI POMPE AT AGRITECHNICA IN HANNOVER  
A MAJOR WORLDWIDE EXHIBITION  
FOR AGRICULTURAL MACHINERY AND EQUIPMENT**

*Bologna, 13 November 2023 – Marzocchi Pompe S.p.A. (EGM:MARP), a leading company in the design, production and marketing of high-performance gear pumps and motors, announces that it will exhibit its products at Agritechnica, a trade fair dedicated to the world of agricultural machinery and equipment and their components. The show, organized by DLG, takes place at the Hannover Exhibition Centre from 12 to 18 November.*

The technical-sales team of Marzocchi Pompe, also strengthened by the presence of colleagues from its American subsidiary, Marzocchi Pumps USA, will be present at **stand C13 in Hall 16**.

Dedicated to the agricultural sector, Agritechnica is an excellent opportunity to show the European public the latest innovations of the ELIKA, GHP and FCIP lines, which are particularly suited to this business segment, which requires both high performance and high pressure.

**Gabriele Bonfiglioli, CEO of Marzocchi Pompe has stated:** *“We are excited to be exhibiting again at Agritechnica after several postponements caused by the pandemic; in the meantime we have launched many new products and therefore this event will be an exceptional showcase to present their features to a very wide audience. With the support of our colleagues from the US subsidiary, an area where the agricultural sector is, as in Europe, among the most important, we are convinced that it will be an excellent chance to generate new opportunities. We have recently strengthened our sales team for the DACH area and therefore Agritechnica comes at the right time both to meet our historical partners and to get in touch with new potential customers, giving us the chance to increase our visibility and brand awareness of Marzocchi Pumps in this business segment.”*

**Marzocchi Pompe S.p.A.**

Marzocchi Pompe is a leading company in the design, production and marketing of high-performance gear pumps and motors, which are applied in various fields: industrial, mobile and automotive. It closed 2022 with over €48.5 million in sales revenue. Founded in 1949, it is controlled by the Marzocchi family, which holds the majority of shares and is represented in the company by Paolo Marzocchi, Chairman, and his son Carlo, Deputy Chairman. The shareholding structure also includes CEO Gabriele Bonfiglioli and three other managers. Production is carried out entirely in Italy at the two sites in Casalecchio di Reno (BO) and Zola Predosa (BO). Marzocchi Pompe is present in over 50 countries through an international distribution network.
