

PRESS RELEASE

**MARZOCCHI POMPE: A NEW BUILDING PURCHASED IN ZOLA PREDOSA
 NEXT TO THE CURRENT ONE THAT WILL INCREASE PRODUCTION CAPACITY
 AND IMPROVE OPERATIONAL EFFICIENCY**

A Photovoltaic System is going to be installed

*Bologna, 17 October 2022 - Marzocchi Pompe S.p.A. (EGM:MARP), a leading company in the design, production and marketing of high-performance gear pumps and motors, **announces that it has purchased an industrial property** of approximately 4800 square metres, of which approximately 1800 covered, **next to the Zola Predosa plant** for a total amount of € 1.15 million, which will allow it to increase production capacity and improve operational efficiency.*

The purchase is part of the Group's **real estate rationalisation** and follows the sale in July, for € 670,000, of a smaller building (about 3,000 square metres, of which about 1,600 covered), also located in Zola Predosa but distant from the current plant in Via Grazia street and industrially no longer used.

The new facility, for which renovation work, including the **installation of photovoltaic panels**, is scheduled to begin shortly, will be used in part to increase the Group's production capacity and the remainder will continue to be leased to the current tenants for the time being.

Gabriele Bonfiglioli, CEO of Marzocchi Pompe commented: *“This is a very important step for Marzocchi Pompe, because it will allow us to start a process of space optimisation that will increase production capacity and improve operational efficiency. Furthermore, the installation of a photovoltaic system will allow, already in the short term, important energy savings and significant emission reduction, in line with the Group's ESG objectives”.*

The press release is available in the 'Investor Relations' section of the Company's website www.marzocchipompe.com and on the authorised storage mechanism www.1info.it.

Marzocchi Pompe S.p.A.

Marzocchi Pompe is a leading designer, manufacturer and marketer of high-performance gear pumps and motors, which find application in various fields: industrial, mobile and automotive. It closed 2021 with more than €40 million in sales revenue. Founded in 1949, it is controlled by the Marzocchi family, which holds the majority of shares and is represented in the company by Paolo Marzocchi, Chairman, and his son Carlo, Vice Chairman. The shareholding structure also includes CEO Gabriele Bonfiglioli and four other managers. Production is carried out entirely in Italy at the two sites in Casalecchio di Reno (BO) and Zola Predosa (BO). Marzocchi Pompe is present in over 50 countries through an international distribution network.
