

PRESS RELEASE

MARZOCCHI POMPE AT THE IFPE CONEXPO EXHIBITION IN LAS VEGAS TO PROMOTE THE NEW ELIKA 1P PUMP

Bologna, 9 March 2020 - **Marzocchi Pompe S.p.A.** (AIM:MARP), a leading company in the design, manufacture and marketing of high performance gear pumps and motors, will be present at IFPE ConExpo, the main event in North America for the construction, fluid engineering, power transmission and motion control sector, which will be held from tomorrow March 10 to Saturday March 14 in Las Vegas, United States.

On the occasion of IFPE ConExpo, in the light of recent restrictions on travel of Italian personnel, the American sales subsidiary team of Marzocchi Pumps USA will be exclusively present at the stand of Marzocchi Pompe (IFPE - South Hall 3 Booth n. S81521) and will present for the first time to the American market, the new **ELIKA1P** Pump.

ELIKA 1P, premiered on the European market at the CTI trade fair in Berlin at the end of 2019, is the latest addition to the ELIKA family, the range of low noise, high efficiency and low pulsation pumps developed by Marzocchi Pompe following a long R&D phase that led to the filing of several patents and trademarks. The main feature of the new product is the ability to combine the advantages of ELIKA solutions such as low noise, high efficiency and low pulsation with a design with reduced dimensions and displacement that make it particularly suitable for applications in the Automotive sector.

Gabriele Bonfiglioli, CEO of Marzocchi Pompe commented: *"We are happy to participate in one of the most important trade fairs in our sector, where we have the opportunity to present the new ELIKA1P pump to the American market for the first time. A market with great business potential and in search of increasingly innovative solutions to which Marzocchi Pompe is able to offer products with increasingly high performance, such as quietness but also the highest efficiency, developed and produced thanks to years of experience and a quality production exclusively made in Italy".*
